Elizabeth City, North Carolina

"Queen Of The Albemarle"

PREFACE

The 1960 population of Greater Elizabeth City is 14,840 with a trading population of over 115,000.*

Elizabeth City is the trading center of the Albemarle Pamlico area of northeastern North Carolina, composed of ten counties. It is located on Highways 17, 158, and 168 served by the Norfolk & Southern Railway. It is situated on the Pasquotank River (indian word for "calm waters") which with the Great Dismal Swamp Canal, forms the inland waterway. The canal was surveyed by George Washington and is the oldest canal in operation in America. Elizabeth City was, from the revolutionary days to recent times, an important shipping center.

Elizabeth City is the commercial center for a large agricultural area producing corn, soy beans, Irish potatoes, small grain, cabbage, and other vegetables. The mild, moderate temperature makes it possible in some instances to produce three crops per year in this area. Cattle, swine, sheep are also produced. Although it is not an industrial center, there are numerous industries producing a variety of products, including ply wood, veneer, excelsior, box factories, lumber and other wood products, brick, textiles, hosiery, garment manufacturers, candy, iron works, shipbuilding, feed and seed mixing plants, fertilizer plant, and grain elevators.

Elizabeth City has a modern, up-to-date school system with many new buildings. Its schools are on the accredited list of the Southern Association of Schools and Colleges. Also located in Elizabeth City is the State Teachers College (colored) which is one of the finest in the State.

Churches of all the leading denominations are found in Elizabeth City.

A new hospital which will be one of the most modern in design and equipment, is almost completed. The new hospital will also have a large nursing home and a nursing school in connection with the hospital. In addition, Elizabeth City is also the headquarters for the District Health Department, housed in the Health Center. A total of 22 doctors and physicians are located in Elizabeth City. These doctors and the medical buildings and hospital make Elizabeth City the medical center for all the Albemarle-Pamlico Area.

Also under consrtuction is a new quarter million dollar home for the aged which is being given to the area by a former citizen in memory of his mother and father. The Winslow Foundation has been set up for the operation of this home.

The sanitation of the City is under the supervision of the city physician and the Public Health Service. A full time chemist is in

(Continued on page 8)

PREFACE

(Continued from page 7)

charge of the water infiltration plant with completely equipped chemical laboratory.

Just out of the city is the U. S. Coast Guard Air Station and the Coast Guard Aviation Repair and Supply Station, which is the largest in the country. Located within the city is the U. S. Coast Guard Depot Station and the Elizabeth City Shipyard, the builder of large ships and the home of the Moth Boat, which was born and made famous at Elizabeth City on the Pasquotank River.

The government of Elizabeth City is run by the Mayor, City Council, and City Manager form of government. The electric lights, power, water, and sewerage is municipally owned by the Public Utilities Commission. There is a city-wide service and excellent telephone and telegraph service.

All of the larger civic organizations are represented in Elizabeth City. These include: Kiwanis, Rotary, Lions, Ruritan, Cosmopolitan, Junior Woman's Club, Senior Woman's Club, American Legion, VFW, Elks Club, Chamber of Commerce, Shrine, Red Men, and others.

American history and the Albemarle area are synonomous. The first English settlement was in this area to our south and the first permanent English settlement was about the same distance north. Interesting reminders of the early days are the Old Brick House, which is said to have been one of the hide-outs of Blackbeard the Pirate, and the Old Enfield Home, which was the site of the first open rebellion against the King in 1677, commonly called "Culpepper's Rebellion." In Pasquotank County was the first school, the first Baptist Church, the first General Assembly of North Carolina.

The city has recently purchased 19 acres to be used for recreational purposes. Adjoining this area, is 6 acres purchased by the Boy's Club, who will build a new building, football field, and two baseball fields. Other recreation in the area include: Indoor and Drive-in Theaters, Bowling alleys, Public Tennis Courts, Neighborhood Playgrounds, Park & Public Pool, Golf Club, Golf Club Pool, Stock Car Races, Midget car-racing, Boy Scouts, Boy's Club, Little League Baseball, Junior Rifle Club, Girl Scouts, Girl's Club, Armory, Tournament Bridge, Skating Rink, Historical Society, Garden Clubs, Little Theater, Wildlife Club, Music Clubs, Checker Club.

In addition to the above recreation which is available in Elizabeth City, the area offers unsurpassed recreation in the form of hunting and fishing, the fabulous Outer Banks Beaches and an unsurpassed area filled with history.

If you are looking for a location where southern hospitality abounds and friendliness overflows, you will find it in Elizabeth City, North Carolina.

Street Directory

—OF—

ELIZABETH CITY, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. XIV 1960-1961 VOL. XIV

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

BUSINESS

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
